I want to thank you for your services during our celebration and can assure you I will recommend your products for future events! Personally as well, you have been a joy to consult with and so very helpful and friendly. Guests do certainly get a shock when they utilize a portable restroom that's nicer than their own home bathrooms! Worth every dollar! Thank you so very much it is amazing!

I have been to many events, including CMC rocks, that use portable toilets and I have to say hands down this group is THE BEST! Have had to use all three locations this weekend at CMC and every time without fail there is toilet paper and more importantly the toilets are CLEAN! You guys absolutely rock! Thank you all so much.
